

PIXEL FORGE

AI HACKATHON

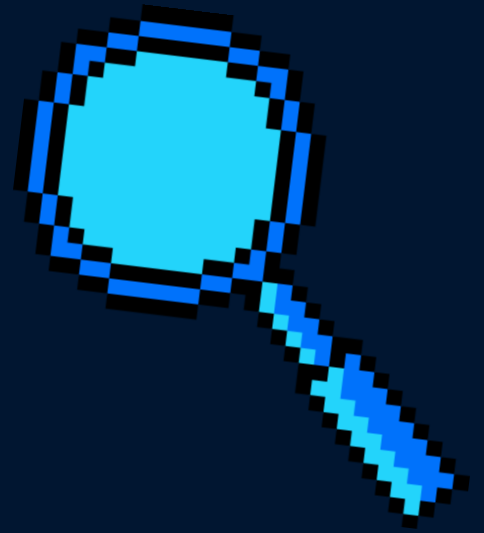

SPONSORSHIP

PROSPECTUS

Aug 15 - 22, 2026

About Us

Where We're From

Pixel Forge is a student-run development community founded by Rishabh Mittal. Dedicated to fostering creativity and learning, the group aims to share its passion for development and inspire a new generation of developers.

What is Pixel Forge ?

Pixel Forge is a nonprofit game jam, a type of hackathon where participants are tasked with creating a game in a given time span.

Pixel Forge is fiscally sponsored by Hack Club, a 501(c)(3) nonprofit. Our registered EIN is 81-2908499.

The event focuses on creativity, experimentation, and learning, allowing both beginners and experienced developers to participate.

Participants will submit their games to the Pixel Forge Jam page, where the community will play and rate them.

The goal of this game jam is to create opportunities for the youth to be exposed to game development and create games they can showcase to the world. Through doing so, we also hope to show participants how useful the skills utilized in game development are and truly spark passion in this field.

SPONSORING

How would sponsoring benefit you?

Sponsoring Pixel Forge benefits your company by:

- **Brand Visibility** – Your company logo prominently displayed on our website and event pages.
- **Featured Sponsor Videos** – Showcase your brand through a sponsor video on our website.
- **Dedicated Hackathon Category** – Sponsors can create a themed challenge category encouraging participants to build games around your technology, brand, or idea.
- **Discord Community Exposure** – Public shoutouts and recognition in our official Discord server where participants collaborate and share their work.
- **Mailing List Access** – Opportunities to share announcements or opportunities with our community.
- **Host Workshops or Side Events** – Engage directly with participants by running workshops, talks, or side challenges.
- **Custom Requests** – We are happy to work with sponsors on special collaborations or ideas to maximize your impact.

Sponsorship Tiers

- Bronze — Under \$150
- Silver — \$150–\$300
- Gold — \$300+

Each tier offers increasing visibility and opportunities for engagement.

SPONSORING

WHY DO WE NEED A SPONSORSHIP?

Hosting a Hackathon requires resources to make the event exciting and rewarding for participants. We need grants of money or products from companies like yours to help us fund the prizes that will motivate more people to participate in Pixel Forge Hackathons.

Sponsorship allows us to:

- Provide prizes for winners
- Promote the event to reach more creators

Prizes help motivate participants and make the event more engaging. Prizes could be monetary or products that your company sells. Either way, we would greatly appreciate anything you are able to offer

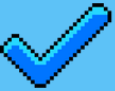

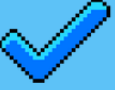

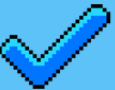

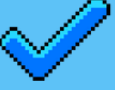

WHAT CAN YOU PROVIDE?

We are open to all forms of support! We would be more than happy to accept physical or digital products, such as software licenses, asset packs, and development tools or products that your company sells. Either way we welcome both monetary sponsorships and product sponsorships.

HOW ARE SPONSOR AMOUNTS CALCULATED?

Sponsorship tiers are calculated by adding the amount of sponsorship money donated or/and the worth of any product sponsorship donations.

Sponsorship Tiers

	Bronze <\$150	Silver \$150-300	Gold \$300+
Logo on Website	Small	Medium	Large
